DAEMCO IS AN ORIGINAL DESIGN MANUFACTURER AND A TEAM WITH OVER 20 YEARS INDUSTRY KNOWLEGDE AND EXPERIENCE, OFFERING A COMPREHENSIVE RANGE OF PRODUCTS FOR ALL YOUR PROJECT NEEDS.

We design, develop and manufacture a comprehensive range of products for the water, sewer, civil, commercial plumbing, irrigation, industrial and mining industries with a quality management system certified to ISO9001.

We have a comprehensive range of resilient seat gate valves, unrestrained mechanical couplings, PE flange adaptors and couplings, ductile iron pipe fittings, tapping bands, valve and hydrant covers, valve extension spindles and an assortment of other accessories to complete the installation of any pipeline. The products we offer comply with all relevant Australian, New Zealand and International standards with an on-going commitment to quality. Our core strengths are dedicated service delivery and product innovation, so for your next project don't hesitate to contact us for all your requirements.

## FLANGE RESILIENT SEAT GATE VALVES Design Advantage

- Compact and lightweight
- Stem seal replacement whilst under pressure
- Unique gate guide for low torque operating
- Full bore waterway
- Full vulcanized ductile iron encapsulated wedge
- Smooth opening and closing operation

### **Technical Detail**

| Range        | DN50 and DN80-DN375   |
|--------------|---|
| Pressure     | PN16  |
| Temperatures | 40°C  |
| Applications | Suitable for above and below ground<br>installations, potable water, recycled water,<br>waste water, fire and irrigation applications |
| Closing      | Anti-Clockwise (ACC)/Clockwise Closing (CC)   |
| Options      | Handwheel   |

#### Compliance

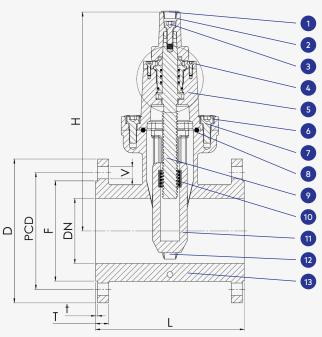

• AS/NZS 2638.2 Licence WM-22535 and OMK22535

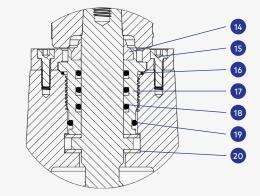

• WSAA PA 1517

## PE RESILIENT SEAT GATE VALVES

### Design Advantage

- Push in socket joint
- Fully restrained connection
- Full vulcanized ductile iron encapsulated wedge
- Smooth opening and closing operation
- Full bore waterway

### **Technical Detail**

| Range        | DN125 and DN180   |
|--------------|---|
| Pressure     | PN10 to PN16 / SDR17 to SDR11   |
| Temperatures | 40°C  |
| Applications | Suitable for above and below ground<br>installations, potable water, recycled water,<br>waste water, fire and irrigation applications |
| Closing      | Anti-Clockwise (ACC)/Clockwise Closing (CC)   |
| Options      | Handwheel   |

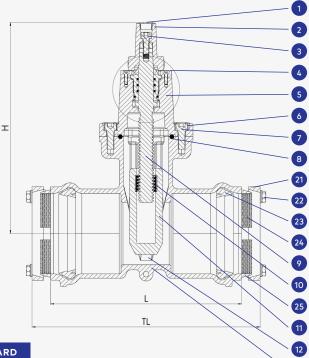

#### Compliance

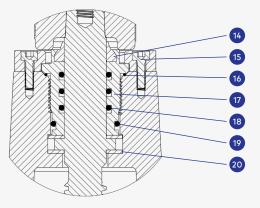

- AS/NZS 2638.2 Licence WM-22535 and OMK22535
- ISO EN 12842 Licence OMK30063

## UNRESTRAINED MECHANICAL COUPLINGS

### Design Advantage

- Quick and easy to install
- Disassembly not required
- Wide range to suit all pipe diameters
- Ultimate corrosion protection
- Pre-lubricated gaskets

### **Technical Detail**

| Range        | DN80 to DN600   |

## **DUCTILE IRON FITTINGS**

### Design Advantage

- State of the art corrosion resistance
- High strength
- Impact resistant
- Lightweight
- Deep sockets
- Suitable for Series 1 or Series 2

### **Technical Detail**

| Range        | Sizes vary depending on type of fitting, as per table below.<br>Refer to Ductile Iron Fittings brochure for more detail. *       |
|--------------|--|
| Pressure     | PN16   |
| Temperature  | 40°C   |
| Gaskets      | Suitable for use with either Series 1 or<br>Series 2 rubber ring gaskets   |
| Applications | Suitable for above and below ground installations in potable water, recycled water, waste water, fire or irrigation applications |
| Options      | A full range of flange gaskets, nuts, bolts<br>and washers are available either individually<br>or combined in pre-packaged kits |

### Compliance

- AS 1646
- AS/NZS 4020
- WSAA PA 2026

## **BACKING RINGS** Design Advantage

- 316 Stainless Steel
- Galvanised Steel

### **Technical Detail**

| Range    | PE DN63 to DN315/DN50 to DN300<br>Larger sizes upon request |
|----------|---|
| Pressure | PN16  |
| Material | Stainless Steel 316 and Galvanised Steel                    |

- AS/NZS 4087 Fig B5
- AS 2129 Table D and E

## **EPDM VALVE CONES**

### Design Advantage

EPDM cones are used to replace original braided packings in water valve stuffing boxes. The rubber cones are simpler to install and have proved to last much longer than packings, which are also prone to breakdown with particles being washed into the water system. As a flexible rubber component, this design of seal ensures constant pressure to form a water-tight seal even in worn valves and can help prolong valve use, especially useful in emergency situations where replacement hardware cannot be quickly fitted.

### Technical Detail

| Size         | #4 to #55  |
|--------------|--|
| Material     | EPDM   |
| Valve Stem Ø | 20mm, 25mm, 31mm, 28mm, 34mm, 31mm,<br>41mm, 34mm, 38mm, 40mm, 44mm,<br>48mm, 54mm |
| Applications | Potable Water and Recycled Water   |

## **SWABS**

### Design Advantage

- Wide range to suit all pipe diameters
- Lightweight

### **Technical Detail**

| Range        | DN80 to DN750<br>Other sizes available upon request |
|--------------|---|
| Material     | Foam  |
| Applications | Potable Water, Recycled Water,<br>Waste Water       |

## **SERIES 1 TAPPING BANDS**

### Design Advantage

- Quick and easy installation
- Positive stop to prevent overtightening
- Superior corrosion protection

### **Technical Detail**

| Range         | DN40 to DN300                   |
|---------------|---------------------------------|
| Pressure      | PN16                            |
| Temperatures  | 40°C                            |
| Applications  | Irrigation, Commercial Plumbing |
| Pipe Material | PVC-U                           |
| Colours       | White                           |

- AS/NZS4793 Licence ACS 3004
- WSAA PA 1018

## **SERIES 2 TAPPING BANDS**

### Design Advantage

- Quick and easy installation
- Positive stop to prevent overtightening
- Superior corrosion protection

### **Technical Detail**

| Range         | DN100 to DN300                                 |
|---------------|--|
| Pressure      | PN16   |
| Temperatures  | 40°C   |
| Applications  | Potable Water, Recycled Water                  |
| Pipe Material | PVC-M, PVC-O, Ductile Iron,<br>Asbestos Cement |
| Colours       | Blue and Purple                                |

- AS/NZS4793 Licence ACS 3004
- WSAA PA 1018

| SUITABLE FOR - PVC-M, PVC-O, DUCTILE IRON, ASBESTOS CEMENT PIPE |           |                |                    |                  |                  |              |   |
